

MUD MULE LLC

Federal Supply & Facility Services Vendor
Los Angeles, California | CAGE: 8RTD6

CAPABILITY
STATEMENT
2026

COMPANY OVERVIEW

Mud Mule LLC is a federally regulated, Los Angeles-based small business with nearly a decade of commercial operations experience under sole owner-operator management. Founded in 2016, we bring proven federal compliance expertise, disciplined logistics management, and a hands-on operational culture to government supply and facility services contracting. **As a local Southern California vendor, we offer agencies direct accountability, rapid response, and on-site presence that out-of-state competitors cannot match.**

CORE COMPETENCIES

Supply & Distribution

- Federal janitorial & facility supply procurement
- PPE and safety equipment supply
- MRO (maintenance, repair & operations) distribution
- Office and breakroom consumables
- Packaging and shipping materials

Operations & Compliance

- DOT/FMCSA federal regulatory compliance management
- Vendor relationship and supply chain management
- Logistics coordination and last-mile delivery
- Contract documentation and compliance tracking
- Sole-operator accountability — no subcontractor handoffs

DIFFERENTIATORS

- **LOCAL SOUTHERN CALIFORNIA PRESENCE** — Based in Los Angeles, serving federal agencies across the LA Basin, Inland Empire, San Diego, and Ventura County. On-site response where out-of-state vendors cannot compete.
- **NEARLY A DECADE OF FEDERAL COMPLIANCE EXPERIENCE** — Operating under DOT and FMCSA federal regulatory frameworks since 2016. We understand government documentation, compliance requirements, and accountability standards.
- **DIRECT OWNER ACCOUNTABILITY** — Every contract is managed personally by the owner-operator. No layers of management, no subcontractor handoffs. Agencies deal directly with the decision-maker on every order.
- **LOGISTICS AND DELIVERY EXPERTISE** — Commercial trucking background provides direct capability in freight coordination, delivery scheduling, load management, and last-mile logistics — assets that pure supply vendors lack.
- **SMALL BUSINESS AGILITY** — As a small business vendor, Mud Mule LLC can respond faster, adapt more quickly to agency needs, and provide the personalized service that large national distributors cannot offer.

PAST PERFORMANCE

Mud Mule LLC has operated as a federally regulated commercial transportation business since 2016, maintaining continuous compliance with U.S. Department of Transportation and FMCSA regulatory requirements across nearly a decade of operations. This record of federal regulatory adherence, vendor management, and independent business operations forms the foundation of our government contracting capability.

Client

Scope / Relevance

DOT / FMCSA	9+ years federally regulated commercial operations — continuous compliance with DOT safety, documentation, and inspection requirements. Demonstrates sustained federal regulatory performance.
Commercial Clients	Vendor relationship management, contract fulfillment, delivery coordination, and compliance documentation across commercial freight operations in Southern California.

Note: Mud Mule LLC is entering the federal contracting market as a new prime contractor. References available upon request.
